

ABBY

ABBY is a sweet 'ole gal of about 12 years old. She has short hair and she is a Terrier/Shepherd mix. She is a very sweet little female, and a very loving and wonderful companion. Abby weighs around 38 lbs. and has clean brown/black fur. Abby's people lost their home due to foreclosure and loss of jobs. They had to give up Abby and her 3 cat companions. Abby has been moved around a lot during the last couple months. She is very sweet and loving, but is confused about what is going on. Abby has been to the vet, is negative on heartworms and is spayed and had a dental cleaning. She is current on all shots and even had a complete blood panel which was excellent. She spent her first night in her new and wonderful foster home last night. In bed with them! She is feeling better today and will gain confidence every day as we search for her forever home.

Can you provide a great home to Abby? She's a great girl! Permission to crosspost is welcomed. Adoption questionnaire, modest fee and home visit required. If you are interested in meeting Abby please contact:
